

One Health Commission

Connect - Create - Educate

The One Health Commission is a prominent, international body of unified, action-oriented, One Health-minded individuals and organizations. It is a conduit for the active exchange of One Health related knowledge, sharing of resources and collaborative projects that reach beyond disciplinary boundaries.

Corporate Sponsors

Financial sponsorship donations from for-profit, corporate entities supporting the One Health Commission's work are welcomed once confirmed by the Board of Directors.

To avoid any appearance of conflict of interests, corporate sponsors will not place a representative on the Board and will not vote on any OHC procedures, items or business.

However, corporations sponsoring the Commission at the 'Leader' level may, if desired, nominate from their organization a non-voting representative to the Commission's Council of Advisors, pending Board approval.

Corporations that have financially supported the One Health Commission:
