

*The One Health Commission is a prominent, international body of unified, action-oriented, One Health-minded individuals and organizations. It is a conduit for the active exchange of One Health related knowledge, sharing of resources and collaborative projects that reach beyond disciplinary boundaries.*

### **Institutional Sponsors**

Institutional Sponsors are Academic Institutions, Professional Organizations or other legal non-profit organizations that wish to financially support the work of the Commission.

‘Leader’ Level Institutions may, if desired and pending Board approval, nominate from their organization a voting representative to the One Health Commission Council of Sponsors. Members of the Board of Directors will be elected (by all OHC sponsors) from the Council of Sponsors, three representatives from each One Health ‘domain’.

‘Promoter’ and ‘Supporter’ Level Institutional sponsors will not nominate a representative to the Council of Sponsors but will, if having donated within the previous twelve months, be called upon (via their primary contact) to vote in election of Board of Directors members nominated from the Council of Sponsors.

### **Institutions that have financially supported the work of the Commission:**
