

# Ebola and Emerging Infectious Diseases - Presentation and Discussion.

**Tuesday 9<sup>th</sup> September 5:30pm – 6:45 pm.**

**Venue: Rosenau Room 133, Gillings School of Global Public Health.**

Ebola and Emerging Infectious Diseases presentation and discussion with key UNC faculty and special guests engaged in emerging infectious diseases and state preparedness. The Ebola crisis is a global issue with local and global ramifications. Speakers will share their insights on issues ranging from challenges of managing the crises in the epicenters of the outbreak; state and federal preparedness; global surveillance systems; and access /use of investigational drugs in the current Ebola crises. Directions and parking <http://sph.unc.edu/resource-pages/map-and-directions/>
