Contact: Phionah Apiyo (apiyophionah@gmail.com)

***Apiyo Phionah**

Bachelors Candidate
Environmental Health Science
College of Health Sciences
Makerere University, Kampala, Uganda

Phionah is a third year student pursuing a Bachelors Degree of Environmental Health Science at Makerere University, College of Health science and also looking forward to pursuing a Master in Public Health. While at the university, she got passionate about health promotion by participating in Environmental Health and disease control activities in clubs, associations and NGOs within and outside the University. She is currently volunteering in a Students' led Non-Government Organization called Integrated Community Health Initiative Organization, Uganda (ICHIO) whose thematic areas is Water, Hygiene and Sanitation (WASH), HIV/TB, drug and substance abuse and Neglected tropical diseases. She is also an active member in the One Health club and Makerere University Environmental Health Students Association (MUEHSA) whose activities aim at prevention of communicable and zoonotic diseases in Ugandan communities' especially rural areas and slums. These activities include but are not limited to community outreach programs like health education, vaccination of pets, hosting conferences annually to share ideas on innovations and interventions as a response to global health challenges.

MAYINDI FRANK

Candidate for Bachelors of Medicine and Surgery
College of Health Science
Makerere University
Kampala, Uganda

Frank is a third year medical student pursuing a bachelor's degree in Medicine and surgery at the School of Medicine College of Health Sciences, Makerere University. He is only 22 years born on the 24th of June 1995 in MUKONO district Uganda to a lovely mum and dad who all participate in business as the main source of income. He is interested in neurological diseases and other diseases of the central nervous system. His dream is to become a neurosurgeon and

be able to practice what he is passionate about. He volunteered at MUKONO HEALTH CENTRE IV especially on the emergency team and holds a certified award in EMERGENCY MEDICINE. He believes through One Health the whole world can be touched and in this regard make the best life.

Nakito Prossy

College of Health science
Makerere University
Kampala, Uganda

Prossy is a third year student pursuing a Bachelors Degree of Environmental Health Science at Makerere University, College of Health science. She has a certificate and Diploma in Environmental Health Sciences and she has been Health inspector working in Jinja municipality, Jinja district Uganda since 2009 to date but is currently on study leave. Prossy is also looking forward to pursuing a Masters in Public Health.

Ssemyalo Joshua

Bachelors Candidate,
Animal Production Technology and
Management
College of Veterinary Medicine,
Animal Resources and Biosecurity
Makerere University
Kampala, Uganda

Semyalo is in his 3rd (final) year pursuing a Bachelors degree in Animal Production Technology and Management (BAPT) at the College of Veterinary Medicine Animal Resources and Biosecurity, Makerere University, Kampala, Uganda. He is 24 years old, born in Rakai District to two lovely parents, Mr. and Mrs. Lugaaju Cyprian whose main source of income is cultivation and animal rearing. Right from his juvenile stages he received the motivation from his parents to participate in agriculture and animal industry which streamlined his decision to pursue the course of study. He participated in the One Health Central and Eastern Africa (OHCEA) Community Outreach Programme during the commemoration of the 2016 World Veterinary

week where dogs around Kampala (capital city) were vaccinated against rabies and cattle and goats were de-wormed. He is interested in innovations and use of a multidisciplinary approach to solve health problems. He is currently working with his sub-county to advocate for value addition to agricultural and animal products in order for the farmers to earn a higher premium price on sale of their products.

Tumukunde Gloria

Bachelors Candidate
Environmental Health Science
College of Health Science
Makerere University
Kampala, Uganda

Gloria is a third-year student pursuing a Bachelors Degree of Environmental Health Science at Makerere University, College of Health science. Prior to joining Makerere University, Gloria was a high school student at Uganda Martyrs Secondary School Namugongo. She is an active One Health Club member and she has particular interest in zoonotic diseases. She is looking forward to pursuing a master's degree in Public Health and looking forward to utilizing a One Health approach in Uganda to solve local health problems.
