INTERNATIONAL
ONE HEALTH FOR ONE PLANET EDUCATION
(1 HOPE) INITIATIVE

VISION  A world where people of all ages embrace a One Health & Well-Being (OHWB) approach recognising the interdependencies among humans, animals, plants and their shared environment.

AIM  Build global capacity for promoting and valuing the OHWB concept and approach as the foundation for achieving the UN-2030 Sustainable Development Goals (SDGs).

CONTRIBUTORS  Individuals/organisations from education and community groups invited from global regions – currently over 200 from 44 nations – all global regions!

MOTIVATION  Striving to create a “more just, sustainable and peaceful world” (UN-2030 Global Goals): adopting the OHWB concept and educating the next generation of global citizens about the fragile and interconnected nature of the health and well-being of all living organisms in this time of unparalleled planetary change.

WORKING GROUPS  Drawn from and targeting Primary/Secondary/Tertiary education sectors and from community/civil society, corporate and government/intergovernmental/non-governmental organisations.

COMMON 1 HOPE QUEST  To foster learning about the OHWB approach and the SDGs at all levels of formal education and to raise awareness of the long-term value of OHWB and SDG strategies in all sectors of our global community.

FOCUS  Explore possibilities (local, country, regional, global) and develop draft project proposals (e.g., curricula, resources, conferences, policy) by early 2020 – seeking funding from national/regional/global organisations to accomplish 1HOPE stated aims.
