

One Health Educational Resources – K thru 12

The following resources have been compiled to help teachers develop and deliver One Health-themed curricula across K-12. For more ideas and a framework for creating One Health-themed lessons see the [Guide to Developing One Health Lessons for K-12](http://bit.ly/2ISab18) (<http://bit.ly/2ISab18>).

Learn more about the One Health Commission's [International One Health Education Task Force](http://bit.ly/2Ld6lF4), (<http://bit.ly/2Ld6lF4>).

If you know of other One Health Educational Resources not yet listed here please let us know. cstroud@onehealthcommission.org

LESSON PLANS developed by the One Health Commission Education Task Force

LINKS TO OTHER ONE HEALTH – RELATED TEACHING MATERIALS

Note that some of these materials were developed for very specific purposes and may need to be modified or combined with other materials to construct a One Health lesson. To enhance the One Health messaging, teachers should consider developing questions aimed at meeting the guidelines in the [Guide to Developing One Health Lessons for K-12](#).

- [Bat Rabies Educational materials](#)
From: One Health Commission Bat Rabies Education Team (BRET)
Level: All Ages, Free downloadable posters
- [Be a Zoonotic Disease Detective](http://bit.ly/2MKzSp5) (http://bit.ly/2MKzSp5)
From Georgia 4-H, U.S. CDC and USDA APHIS
Level: Grades 4-12
- [Epidemiologists: Disease Detectives](http://bit.ly/2IPQvOm) (http://bit.ly/2IPQvOm)
From PBS Learning Media and WGBH
Level: High School
- [Health for One, One Health for All](http://bit.ly/2tMGw7R) (http://bit.ly/2tMGw7R)
From the Michigan State Extension 4-H Animal Science Anywhere Program.
Level: General Elementary
- [Healthy Pets, Healthy People Program](http://bit.ly/2MpUp3H) (http://bit.ly/2MpUp3H)
All ages. Educational fliers created by US Center for Disease Control and Prevention (CDC)
 - [Stay Healthy Around Pets and Farm Animals](http://bit.ly/2DOxlsZ) (http://bit.ly/2DOxlsZ)
 - [Stay Healthy Around Small Pets](http://bit.ly/2FQzzt2) (http://bit.ly/2FQzzt2)
- [Influenza Education Among Youth in Agriculture](https://www.cste.org/page/YIA) (https://www.cste.org/page/YIA)
Educational website created by the Council of State and Territorial Epidemiologists
[Repository of Influenza Educational materials](http://resources.cste.org/via) (http://resources.cste.org/via)
Click on the small arrow to the left to access descriptions and links to the Resources
Level: All ages
- [Kansas State Olathe One Health Educational Resources](http://bit.ly/2FFOQzF) (http://bit.ly/2FFOQzF)
 - K-12 Classroom Activities
 - Classroom Presentations and Handouts
 - Educational Videos
- [MedMyst Magazine: Disease Discovery – One Health Initiative](http://bit.ly/2NovHEQ) (http://bit.ly/2NovHEQ)
Created (2010) in partnership: Rice U, U Texas, One Health Initiative team
Level: Grades 4-9, Middle School
- [NOVA Science NOW: 1918 Flu](https://to.pbs.org/2z97rQi) (https://to.pbs.org/2z97rQi)
From NOVA Teachers
Level: Middle and High school

(Keep Scrolling)

- [One Health Workshop – 7-12 Year Olds](#)
Created by the International Veterinary Student Association (IVSA) Standing Committee on Veterinary Education (SCoVE)
([Workshop Plan](http://bit.ly/2NT1ywd) - <http://bit.ly/2NT1ywd>)
([PowerPoint](http://bit.ly/2xmtwr7) - <http://bit.ly/2xmtwr7>)
- [One Health Workshop – 12-18 Year Olds](#)
Created by the International Veterinary Student Association (IVSA) Standing Committee on Veterinary Education (SCoVE)
([Workshop Plan](http://bit.ly/2Ovh6DY) - <http://bit.ly/2Ovh6DY>)
([PowerPoint](http://bit.ly/2MK7sM5) - <http://bit.ly/2MK7sM5>)
- [Outwitting Nature’s Greatest Killer](#) (<http://bit.ly/2KKOUv1>)
From the Pulitzer Center Lesson Builder;
Level: Elementary and Middle School
